Stating that as portion of the office establishment could possibly be transferred to the Secretariat without detriment to the work of the office

But then there is the question of accommodation of which there is more than enough in Mysore & precious little in Bangalore there seems to be no other course left than to Copy off all the important records for the General Secretariat. The question bristles with difficulties & has to be decided by the Commissioner with reference to extra accommodation extra hands for the Gen Secretariat extra temporary hands for copying records &c &c

I cannot see what the Minority have to do with the question of location of the I G-Geo Office of course the separation of the records would be very difficult almost impracticable, and from this point of view the transfer of Mr B to Bangalore

4 July 1895

My dear Mr Narasimmiengar,

With reference to my
letter of the 3rd Instant inquiring what por-
tions of my Office Establishment, Registers
& Records I would propose to Transfer to
the Secretariat, I beg to inform you that
no part of my Office establishment could
possibly be transferred to the Secretariat
without detriment to the work of my Office
The hands employed in my Office are
very few for the amount of work done,
and one of the writers used to be

employed only for a small part
on copying out the few Proceedings issued
from the Office
The only Registers & Records that can be
transferred to the Secretariat are the Proceedings
issued from the time the Office of Education
Secretary was created in 1883 and the
Secretary's Memoranda and other papers
relating to them But as the Proceedings
often related to the duties of the Head of the
Department it will be difficult to separate
those Proceedings which may be said to have
been issued by the Secretary in his capacity
as Secretary and those which may have
been issued by him as Head of the

The Education Office can do all the Committee's
Registering

Education Department Even if such a separation
be possible copies of all the Proceedings will
have to be kept in this Office both for reference
and for maintaining a continuity of policy
as even with my altered designation this
Office will continue to be the Office of the
chief controlling officer of the Education De-
partment Under these circumstances I
submit that the Registers & Records relating
to the Proceedings may be left for the present
in this Office wherever a
reference is made for papers they will
be readily placed at your disposal

In this connection I may refer to the
proposal submitted by me to Government
for the removal of my Office to Bangalore
By desire of Her Late Highness the Maharanee

the Office was transferred to Mysore during the
period of minority - at any rate I submit
there do not appear to be any good reasons
for keeping the Office at Mysore. If Govern-
ment is pleased to order the transfer of the
Office back to Bangalore, I shall be only too
happy to place all my records and system
at their disposal whenever they are re-
quired. They might then be considered,
a portion of the records of the Central or
Provincial Offices of the State —

Yours sincerely

H J Bhabha
